

ECOEDU Transnational Project Meeting: Karlshamn, Sweden

Theme: "Educate, Empower, Sustain – Leading the Way for Green Future"

Monday, June 8: Arrival & Welcome

- **Arrival of international partners** from France, Türkiye, Italy, North Macedonia, and Spain.
- Check-in and informal welcome to the coastal town of Karlshamn.

Tuesday, June 9: Empowering through Education & Coordination

09:30 – 11:30 | Workshop Part 1: Welcome & School Culture

- **Introduction and Swedish "Fika"**: A social sustainability activity fostering intercultural dialogue.
- **Guided Tour of Vägga Gymnasieskola**: Showcasing our certified **"School for Sustainable Development"** and how we integrate environmental issues into our daily teaching.

11:30 – 12:30 | Lunch at the School Canteen

- Experience Swedish school meals, focusing on social inclusion and the "School for All" principle.

13:00 – 15:00 | Workshop Part 2: Project Management & Dissemination

- **Application Review**: Deep dive into the **KA220-SCH application** to align on our common goals and task distribution.
- **Country Presentations**: Each partner presents their specific roles, achievements, and how they have **disseminated project results** within their local school communities.
- **Digital Collaboration**: Collaborative session on **eTwinning** and the **E-platform** to update and sync our project pages (we need to review our progress)
- **Content Coordination with AGIFODENT**: Technical briefing with **Julio Jiménez García** (Julius) regarding the required materials and digital outputs for the project's mobile app and modules.

18:00 – Late | Social Networking

- After-work dinner at **"Brasseriet"** to strengthen the European partnership and international solidarity. You find the Menu → [here](#)

Wednesday, June 10: Circular Economy in Practice

09:30 | Departure from Vägga Gymnasieskola

10:30 – 15:00 | IKEA Workshop: Circularity & Sustainable Consumption

- A practical study of the **Circular Economy** (Work Package 4 focus). Participants will explore how resources can be reused and recycled in a large-scale economic system to minimize environmental impact.
- *Lunch included on-site (12:00 – 13:00).*
- *Free time at Ikea after lunch*

Thursday, June 11: Nature, Biodiversity & Cultural Heritage

09:30 – 15:00 | Excursion to Långasjönäs: "Friluftsliv" & Biodiversity

- **Holistic Sustainability:** Starting with an outdoor yoga session to promote health and well-being (social sustainability).
- **The Right of Public Access (*Allemansrätten*):** Information about Swedish environmental laws and how they support the **preservation of biological diversity** and nature conservation.
- **Sustainable Water Exploration:** Experience Lake Långasjön's ecosystem via rowing boats and canoes. This eco-friendly activity fosters a **deep connection with nature**, allowing participants to observe biodiversity silently and practice **hands-on sustainability**

18:30 | Farewell Dinner & Certification Ceremony at Emmie's

- **Cultural Sustainability:** Experiencing a traditional **Swedish Midsummer Buffet**, highlighting local food traditions and the importance of protecting cultural heritage.
- **Closing Ceremony:** Awarding of **Participation Certificates** to all delegates.

Friday, June 12: Departure

- **Travel day.** Partners depart with new insights, digital content for our platforms, and a strengthened commitment to a green future.
